

# How To Use Glogster

## To Login:

- Go to [www.edu.glogster.com](http://www.edu.glogster.com)
- Click on login in the upper right corner.
- Log in with your username and password and press the enter key.
- Type in your first and last name.

## To Create a Glog:

- To create a new project, click on “create your first glog.”
- Choose a template for your project. Click on the gray arrow to scroll through the templates.
- Click on the template of your choice.

## Using the Menu Bar

- Click on the + sign in the upper left corner.
- You can add text, graphics, images, audio, and videos to your glog.

## Adding Images

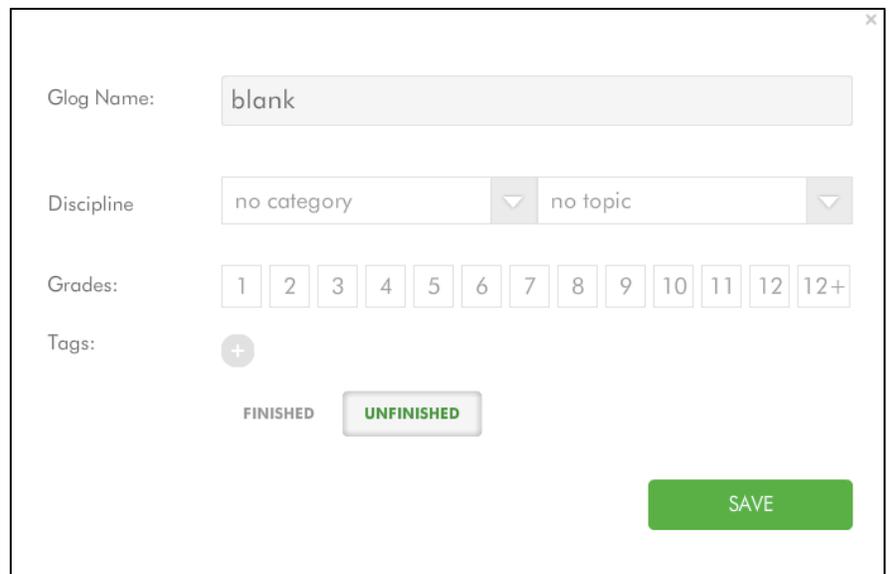

- Click on the + sign in the upper left corner.
- Click on image
- If you are searching for images, click on Google and type what you are looking for.
- If you have images saved to your computer, click on 
- Then locate your saved images.

## How to save your glog:

- Click the green “save” button in the upper right corner.

SAVE

- Name your glog.
- Choose the category and topic
- Click on your grade
- Choose whether your project is finished or unfinished.
- Click SAVE

The screenshot shows a form for creating a glog. It includes the following fields and options:

- Glog Name:** A text input field containing the word "blank".
- Discipline:** A dropdown menu with "no category" selected.
- Topic:** A dropdown menu with "no topic" selected.
- Grades:** A row of buttons labeled 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 12+.
- Tags:** A plus sign icon (+) for adding tags.
- Status:** Two buttons: "FINISHED" and "UNFINISHED". The "UNFINISHED" button is highlighted in green.
- Save:** A large green "SAVE" button in the bottom right corner.
